-Expand and communicate the scholarship of academic advising	-Utilize the listserv more productively with updates from NACADA as well as what we are using at our institutions for our PDR student populations -Continue the work of the Steering Committee to update our list of resources for the NACADA Website	-Continue work of steering committee -Use listserv for more informal communication rather than just updates -Meet bi-monthly for the steering committee (virtually)	- Volunteers from the listserv to join the steering committee - Guiding procedures are created to define roles and tasks for steering committee - Send out message at least monthly on the listserv to generate conversation	N/A	- Time commitment (focus meeting agendas; have clear purpose for meetings; minimize meetings needed) - Finding volunteers for the steering committee (follow up with volunteers from conference and other venues)		

-Provide professional development opportunities responsive to needs of advisor/advising admin	-Create a research group with the steering committee that will focus on more production of resources and encourage collaboration across institutions -Explore options for funding of research into PDR issues and travel to NACADA conferences	- Continue to look for opportunities in NACADA publications to publish over PDR students and institutional initiatives. - Curate new resources for the community website -Use listserv and steering committee to help find funds for those who are traveling to NACADA events to present on PDR issues	-Create a research sub-committee to collaborate on writing - New resources compiled / created - Use steering committee to help direct those who are presenting at a regional or annual NACADA event to find funds for travel or attendance.	- Executive Office - Research Committee	- Fear of writing / researching (mentor/guide up - and-coming writers and researchers through process; break down process in to manageable chunks; provide support in form of potential collaborators / working groups)		
-Create an inclusive environment within assoc. that promotes diversity	-Collaborate regarding issues of mental health research and training of advisors for the PDR student population	-Look into institutional training for staff over mental health issues and promote research in the community into mental health initiatives for PDR students	-Find low cost or free training for advisors.	N/A	-This is a small subset of the PDR population, and many advisors do not have the clinical training for mental health diagnosis.
