

# Coming Soon to NACADA Region 8!

---

**What:**

A Region 8 Compendium of Noteworthy Practices, Approaches, & Programs

**Why:**

In an attempt to reach members who are not always able to attend conferences, this effort will provide a venue for Region members to share practices, approaches, and solutions toward the goal of enhancing our work across the region.

**How:**

All members of NACADA Region 8 are encouraged to submit.

- Rolling submissions should be detailed and include printed materials and web information as appropriate.
  - Although logistical details may be specific to an individual institution, their inclusion can help other members determine how or if such a practice can be replicated at their own institution.
- Region 8 Steering Committee members will review all submissions and publish noteworthy and unique practices.
- Submission (via Qualtrics): [NACADAR8AdvisingBestPractices](#)

**Anticipated launch date:**

Late Fall 2018

**Questions:**

Regarding submissions or the compendium, can reach the Region 8 Steering Committee via the Region Chair, [Jeff Malone](#)

Thanks for your help in creating the first ever Region 8 Compendium of Noteworthy Practices, Approaches, & Programs.
