Cornell University

400 Session Highlights

Session 1: The Global Experience: Connecting with Students Across the Globe

Abstract: This session will focus on how institutions can create opportunities for students to engage with students from other countries and cultures. Participants will learn about best practices and strategies for facilitating cross-cultural exchange.

Session 2: The Power of Collaboration: Building Alliances for Student Success

Abstract: This session will explore ways in which professionals can collaborate across departments and organizations to enhance student success. Participants will discuss examples of successful partnerships and identify opportunities for their own institutions.

Session 3: The Future of Advising: Adapting to Change in Higher Education

Abstract: This session will examine the challenges and opportunities facing academic advising in the era of rapidly changing higher education landscapes. Participants will explore strategies for preparing students for success in a rapidly evolving world.

Session 4: The Art of Communication: Effective Strategies for Advising Students

Abstract: This session will provide tips and strategies for improving communication with students. Participants will learn about the latest research on effective communication and how to apply it in their advising practices.

Session 5: The Role of Technology: Utilizing Technology to Enhance Advising

Abstract: This session will explore the ways in which technology can be used to improve the advising experience for students. Participants will discuss the latest tools and trends in student advising technology.

Session 6: The Power of Mentoring: Cultivating Relationships for Student Success

Abstract: This session will examine the impact of mentoring relationships on student success. Participants will learn about the benefits of mentoring and strategies for establishing and maintaining effective mentoring relationships.

Session 7: The Importance of Data: Using Data to Inform Advising Practices

Abstract: This session will explore the role of data in advising and its impact on decision-making. Participants will learn about the latest tools and techniques for collecting and analyzing data to inform their advising practices.

Session 8: The Impact of Diversity: Creating Inclusive Advising Environments

Abstract: This session will focus on the importance of creating inclusive environments for all students. Participants will learn about strategies for addressing diversity and inclusion in advising practices.
